## A lifetime of luxury bathing.

Victoria + Albert Baths was born out of a passion for luxury bathing.

The vision was simple: to set the standard for style, innovation and performance in bathing products. Today, 25 years after Victoria + Albert was founded, our award-winning baths and basins are found in some of the world's most desirable homes and hotels.

Luxury is in the detail. From the quality craftsmanship and materials that go into each of our products, to the support from experts in our customer services team. We deliver all over the world, each order rapidly dispatched from our international distribution centres. With the peace of mind of a 25-year domestic guarantee\*, choosing Victoria + Albert is an investment for life.

8

\* Guarantee limited to white QUARRYCAST™ products only; excluding exterior paint finish, taps, waste kits & plating on feet. This does not affect your statutory rights.

## What is Quarrycast™?

Our specially developed Quarrycast™ material is made from a unique blend of Volcanic Limestone™ and high-performance resins.

Volcanic Limestone™ is Victoria + Albert's name for the very special white rock that is perfect for making baths and basins. It is formed when the elemental forces associated with liquid magma act upon surrounding soft, chalky limestone. The immense heat and pressure from the magma transforms the neighbouring rock into a new material made up of incredibly hard strands.

We blend milled Volcanic Limestone™ rock with high quality resins to bind these strands into a complex 3D matrix. The finished result is Quarrycast™ – a world class stone composite that delivers unrivalled strength, durability and beauty.

## What are the benefits of Quarrycast™?

### Scratch and stain resistant:

The naturally white surface is incredibly durable, and resistant to hair dyes and bath oils.

### Strong:

Quarrycast™ is solid all the way through – more than twice as hard as acrylic with no creaking or flexing.

### Warm:

Warm to the touch with high insulating properties, keeping your bath water warmer for longer.

### Easy to clean:

The surface is easy to wipe clean.

### Lightweight:

Surprisingly lightweight, the average weight of our baths is just 72kg.

### UV stable:

Baths and basins can be installed outdoors without compromising the material strength or colour.

### Guaranteed:

25-year consumer guarantee, 8-year commercial guarantee\*.

Guarantee limited to white Quarrycast™ products only; excluding exterior paint finish, taps, waste kits & plating on feet. This does not affect your statutory rights.

## Quarrycast™ finishes

Our baths and basins are available in two finishes; Gloss and Matte. Both finishes are cast in our signature Quarrycast™ material, which is naturally warm to the touch, reassuringly durable, and guaranteed for 25 years. And what's more, they can be personalised with custom exterior paint finishes.

### Quarrycast™ SW

Gloss

Our signature finish is glossy on the inside and outside. Hand polished to produce a beautifully smooth sheen, our gloss finish has been a market leader for over 25 years. Every bath and basin across our portfolio is available in our Gloss finish.

### Quarrycast™ SM

Matte

Victoria + Albert's Matte finish is different. Made in the cast, not by coatings or glaze, it is '100%' Matte. It has a velvety feel, gentle against the skin. Our Matte finish is available across a selection of our baths and basins.

A world of colour

Personalise the exterior of any Victoria + Albert freestanding bath or basin with a spectrum of colours, in gloss or matte finishes. Choose colours from RAL, Dulux or any major Australian paint manufacturer to coordinate with your bathroom design.

15

Visit our website to view the RAL colour range and visualise your design.

[vandabaths.com](http://vandabaths.com)

Painted baths and basins are custom orders and cannot be returned. Please allow up to a 6 week lead time for all painted baths and basins. Victoria + Albert Baths define "gloss" at a 90% gloss level, and "matte" at a 20% gloss level.

Please refer to the Victoria + Albert RAL swatch book for an accurate colour reference.

## Design Icons, reimagined.

Our design team are famous for pushing the boundaries across new and existing designs; they are constantly looking to improve on what many would agree is design perfection. Their mission to “refine and improve” is front of mind in everything they do, from exploring softer angles to enhancing ergonomics, they create features that not only look beautiful but enrich the bathing experience.

In the 25th anniversary year, we undertook a project to make subtle but important improvements to Victoria + Albert's most popular baths.

At the centre of this evolution is the Barcelona - a bath that has been widely imitated but never bettered. The updated Barcelona baths now feature a reshaped interior for improved comfort, and a softened, more tactile rim that feels gentle to lean on while preserving the bath's iconic silhouette. The modular Barcelona collection is also now available in three sizes, making it suitable for compact bathrooms through to generous luxury suites.

Importantly, for those who love the original look, the Barcelona Classic retains the original flat-rim design. This ensures the timeless profile that made Barcelona a design icon remains available alongside the newly refined models.

## Ritual bathing for body and soul.

Inspired by Nordic bathing rituals, the Kerid bath is designed for deep immersion rather than traditional bathing, as part of a home spa experience. Kerid can be used as a hot soaking tub for relaxation, or a cold plunge tub to awaken the senses - a therapeutic experience that can be used indoors or outdoors.

The Kerid bath is shorter and higher than a conventional freestanding bath, at just 135cm long and 85cm high. The base of the bath has a seated end, allowing for a deeper submersion, making the bathtub ideal for both hot soaks and cold plunges. The elegant, angled rim creates a cradle for the neck and head. There is also a deep chamfer at the base of the bath, creating a 'floating' effect.

The Kerid collection includes the Kerid 43 basin, with a sleek circular design and chamfered base (see page 56) and the companion Kerid Step (page 85).

## Water in sculpted form.

Seros is a unique collaboration between Victoria + Albert and British sculptor, Sophie-Elizabeth Thompson. Inspired by Sophie's sculptures, the collection embodies the energy and movement of water through organic, fluid forms. Each piece in the collection is extraordinary and beautiful in itself.

See the matching Seros 49 podium basin and Seros 55 vessel basin on page 62.

[learn more about the collaboration](#)
